

Regulations Revision Workgroups – Public Comment Opportunity

Following the public meeting of the Executive Steering Committee (ESC) on August 27, 2015, eight subject matter workgroups will convene during January 2016 to further discuss regulation changes. The recommendations of the workgroups will be reported back to the ESC in a future public meeting (date TBD). While workgroup meetings are staff level meetings and not open to the public, we will include a brief public comment period prior to each workgroup meeting to allow interested parties to provide feedback directly to workgroup members. To accommodate as many interested parties as possible and protect the time allotted for each workgroup to conduct their business, we will follow these guidelines:

- The public comment session will start at 9:00 a.m. on the dates listed below for each workgroup; any persons interested in providing public comment must be present at 9:00 a.m.
- Three minutes maximum will be afforded to each speaker.
- One person per agency/advocate group represented is invited to speak.
- Priority will be given to those that previously made contact with BSCC during this regulations revision process and expressed interest in providing input.
- A maximum of 30 minutes total will be allotted to the public comment session; the Chair of the workgroup may determine the session will end sooner.
- Comments must be relative to the subject matter contained in the regulations being discussed in that workgroup.
- Written copies of comments may be provided to BSCC staff.

Medical/Mental Health Workgroup	Title 15, Sections 1200-1230	January 5, 2016
